FIRE DRILL FOR CHILDREN

- **If I see a fire I must tell a member of staff straight a way.**
- **Once staff has raised the alarm, I must WALK “NOT RUN” out of the club through the nearest fire door and go to the safe point.**
- **Once out side I must get into a straight, quiet line with the other children.**
- **A member of staff will take a register and when my name is called, I must call a loud voice “HERE”**
- **I must not go back into the club until a member of staff says it is safe to do so I must walk back calmly**
- **Remember**

Stay calm! Get out and stay out
